## Jeffrey A. French, CPAŽA 6H

Jeff has fifteen years of experience in the accounting industry, primarily focused on taxation. His experience as a controller, in addition to his many years performing tax services, allows him to look beyond the data entry and see the forest through the trees. His mission is to be a resource by educating, mentoring, and adding value to help his clients stay in compliance while finding ways to preserve their hard-earned money.

As a CPA, Jeff assists clients with managing their budgets and overall financial operations. He regularly communicates with taxing authorities, and oversees their tax return preparation process.

Jeff obtained a Bachelor of Science Degree in Accounting from California State University Northridge and a Master's Degree in Taxation from USC. He is a member of the AICPA and the California Society of CPAs.

Jeff enjoys spending time with his wife and four children, going on RV trips, attending his kids' track meets, and serving on the worship team at his church where he plays the drums.
